_____	_____

☐ **Acceptable for Small Land Disturbance Application.**

Your submission for Erosion and Sediment Control Plan approval has been reviewed. The review was made per the following checklist. **Please return the checklist and sediment control plan comment sheets with your resubmittal.** If you do not address a checklist item, including comments on the sediment control plan sheets, explain your reasoning in your transmittal letter.

☐ **Not Acceptable for Small Land Disturbance Application.** Resubmit as an Engineered Sediment Control Plan. Please call 240-777-6320 for information on converting this application. Previously paid application fees will be credited when engineered plans are required.
